Note on upholstery – For technical reasons, batch to batch variations in shade may occur. Slight differences, within a tolerance of $\pm 5\%$, are to be considered as normal and acceptable and they cannot give rise to claims or to a breach of contract. For the fabrics maintenance, we suggest you to regularly vacuum clean the chair. Stains can be cleaned with a soft damp cloth and mild soap; do not rub and allow to dry naturally. In case of fabric supplied by the Customer, SitLand S.p.A. suggests to previously ask to the Customer Service the confirmation of the fabric needed. SitLand S.p.A. reserves the right to accept or reject to produce the chairs in customer's own fabric after making a technical analysis to establish the feasibility. The transport cost for returning the unused fabric will be at Customer's charge. The costs for manufacturing the chairs in Customer's own material have to be previously requested to our Customer's service (fax +39 0444 638407 - service@sitland.com) SitLand SPA does not extend its regular guarantee to those products produced with leather, fabrics or materials supplied by the Customer. SitLand SPA reserves the right to make modifications to the finishes contained in the present folder without any prior communication.
